

### **Transfer of Credits to UIC - (TC)**

A student may be given credit hours after an evaluation of officially sealed transcripts are received directly from the other educational institution. Credits will be evaluated course-by-course in order to assure that the applicant meets all course prerequisites.

Students who possess a degree abroad must provide UIC with an official evaluation of transcripts made by an International Credential Evaluator Institute. Student tuition's account will be adjusted to reflect the reduced hours of training.

UIC will only accept transfer credits for courses in which a passing grade was achieved. Transfer credits are not calculated in the CGPA. The maximum time frame (MTF) for a transfer student will be 1.5 times the total semester credit hours needed for program completion. No courses over 15 years old will be accepted for credit at United International College unless approved by the Director of Academic Affairs.

At least 25 percent of the semester credit hours are required for completion of any of our undergraduate programs and 50 percent of any of our graduate programs must be earned through UNITED INTERNATIONAL COLLEGE.

### **Transfer of Credits from UIC**

Transfer of credits earned at UIC to another institution is at the discretion of the accepting institution. It is the student's responsibility to confirm whether or not credits will be accepted by another institution of the student's choice.
