

Vaccinations Policy

According to the HEA Sec. 485(a)(1)(V) HEOA amendment effective August 14, 2008 United International College must make available to current and prospective students information about institutional policies regarding vaccinations.

UIC does not require vaccinations for general admissions to any of our Academic and Diploma programs. However, UIC is concerned about the health and well-being of all Students. Therefore, the institution encourages all Students to remain current on vaccinations as suggested by appropriate health authorities.
